#### WATER DISTRIBUTION REPORT

Maintenance Activity. The City had a main line break in early April caused by a contractor installing Comcast services. Every staff member in the city did a great job of working together restoring water, deliver boil water notices and take samples. The wonderful team work made a very difficult situation run very smooth.

Collected Monthly, Bacterial Sample: Results were clean.

Collected quarterly, Second quarter samples will be taken this month.

#### WASTEWATER TREATMENT REPORT

Flows continue to be low for this time of year. We continue to do maintenance and the plant has been running very well. We are finished discharging to the river for the year so labs and sampling will return to normal.

Discharged: Discharge to the river has ended for the year.

#### STORM WATER COLLECTION SYSTEM REPORT

Maintenance Activity: Storm water collection system is working just fine and staff has begun placing storm drain markers on all city storm drains.

#### STREETS MAINTENANCE REPORT

Maintenance Activity: Streets are in good shape.

#### CITY HALL / PARKS AND WETLANDS

Maintenance Activity; Mowing continues weekly. Staff has begun spraying weeds and clearing brush as well.

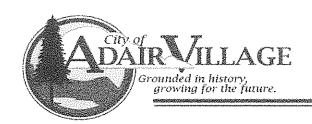

#### WATER TREATMENT PLANT

Maintenance Activity: The water treatment plant continues to run well with no issues to report. Staff have one more sediment cleaning before summer.

#### WASTEWATER TREATMENT PLANT

Maintenance Activity: The wastewater treatment plant is in good shape. Staff continues daily checks, maintenance and labs. Staff have completed cleaning and organizing shop.

Completed by Matt Lydon, Public Works Supervisor

#### CITY ADMINISTRATOR'S REPORT May 7, 2019 Council Meeting

#### Administration

- Caselle Software Debbie and City staff have been able to get all the necessary information to Casselle and the focus now is on configuring the system.
- Youth Program The City will have free lunches this summer starting mid June.
- Peak Internet Peak Internet is requesting a franchise agreement with the City.
- **Consumer Power** We are currently working on a new franchise agreement, the last one was done in 1977.

#### Property/Businesses

- AVIS The three partners GP, Office Depot and the City are currently submitting all required reporting and applications to DEQ.
- Barracks The West Barracks is now insulated, wired, plumbed and has sheetrock. We will be working on getting the doors installed and finishes. Once that work is complete the City will look into ADA ramps and stairs.
- Farm Foods, Sweet Taste, and Store The three businesses seem to be doing well, Linda is in the process of moving up to the area. The store is going to be painting the building this summer, and Farm foods will be starting lunches again.

#### Major Projects/Engineering

- Calloway Creek They are getting ready to break ground on the second phase of the process. They have now sold over 24 four homes, and have pulled permits on almost 30.
- **Cornelius Property** The City did not have justification for the population projections so Tim is working with Pat Depa the city planner to time his application appropriately.
- SCS Property Pat Depa has been working with MS engineering on their application. We did not really hear a response to our letter.
- William R. Carr Subdivision You may have noticed that work has begun on the project, they are hoping to get at least three units done this summer.
- Water Tanks Mat, Sean and I met and we are sending a letter to the Surety Company to ask what they plan to do next. In the meantime we are working on what the damages are and how to quantify that.

#### ENGINEERING SCOPE OF SERVICES ADDENDUM #1

Date:	April 30, 2019	Work Order Number:
То:	Mr. Pat Hare, City Administrator	
From:	Matt Wadlington, PE, Regional N	lanager, Civil West Engineering Services, Inc.
RE:	City of Adair Village – Wastewat	er Facilities Plan Update
	Scope of Services Addendum #1	
	Civil West Project Number: 1001	026

The purpose of this scope of services is to describe the proposed approach, costs, and schedule proposed by Civil West to finalize the Wastewater Facilities Plan Update.

#### **Background Summary**

The City of Adair Village approved the original Scope of Services for Civil West to update and garner approval in November of 2018. At the time the intent of the plan was to recommend a phased approach for constructing a sequencing batch reactor (SBR) wastewater treatment plant to allow the City to develop the infrastructure necessary to accommodate near-term growth, while allowing the plant to be augmented at a later date to accept, treat, and discharge leachate from the Coffin Butte Landfill (operated by Republic Services). After the completion of initial work on the project, negotiations with Republic Services resulted in the discontinuation of the joint treatment facility approach.

The SBR wastewater treatment plant recommendation in previous planning efforts had largely been driven by the ability of the treatment process to effectively treat landfill leachate. Without the need to treat landfill leachate, potential exists for more cost-effective wastewater treatment solutions to be considered. Through the completion of additional work, the project team will analyze multiple treatment process options including those that may allow the City to reduce costs by reusing existing infrastructure. Additionally, the project team will investigate the possibility of a phased improvement schedule which will allow the City to address the critical deficiencies first, while constructing additional process elements as development occurs.

This additional analysis has required additional time to develop, but will most likely provide the City with significant cost savings over the course of the project.

#### **Purpose of this Scope of Services**

The purpose of this Scope Addendum is to address the need for additional Engineering Services support.

#### Part A: Scope of Work

The following tasks have been identified to track the project's progress. Each task will be assigned a certain number of engineering hours for completion. While there may be many subtasks included within these major task areas, only the major tasks will be discussed below.

- Task 1 Project Management and Administrative Services Under this task, we will provide the necessary project management and administrative services to conduct an orderly and well-managed project. This will include organizational issues, financial, and other administrative requirements. This will also include coordination with the City, funding agency, regulatory agencies, and others, as applicable.
- Task 2 Wastewater Facilities Plan Alternatives Analysis Through this task, we will analyze up to 4 different treatment processes to determine the alternative best suited to treat the City's anticipated municipal wastewater flows and loadings.
- Task 3 Wastewater Facilities Plan Construction Sequencing Analysis This task will include an analysis of phasing strategies for the ultimate completion of the plant improvements. This will consider scheduling improvements to keep up with City growth, as well as construction sequencing to ensure that the plant is continuously able to meet permit requirements.

#### Part B: Project Fee Proposal

We have prepared a detailed fee proposal worksheet that is attached as Exhibit A. The worksheet includes a summary of the proposed tasks and subtasks as described above along with estimates of hours for completion of the tasks and the associated billing rates for the individuals involved.

A summary of the proposed fee schedule is provided below:

Task No.	Task Description	Proposed Total Fee
1	Project Management & Administration	\$2,300.00
2	WWFP - Alternatives Analysis	\$16,600.00
3	WWFP - Construction Sequencing Analysis	\$10,490.00
Total Proposed Project Budget		\$29,390.00

We propose that the project will proceed on a time and materials basis and, if completed under budget, the City will enjoy the savings. If, additional support is required beyond these allowances, we will coordinate with the City on an amendment to the agreement, as required.

We are grateful for this opportunity to provide these services to the City of Adair Village. Please let me know if you have any questions or if you wish to see any alterations to our proposed approach. If this proposed approach is acceptable, please sign below and return a copy to our office for our records.

Sincerely,

Civil West Engineering Services, Inc.

## STAFF REPORT Farm Foods Restaurant

Jim Jones is requesting that he be able to get his liquor license to be able to sell mixed drinks with specific meal times. This would also allow him to sell wines, and have wine tasting and selling events. Jim expressed the need for this to help with the overall sales.

#### STAFF REPORT Collections Agency

The city currently does not contract with any collections agencies for delinquent accounts, unpaid violations or nuisances. The city currently uses utility billing to keep track of unpaid dues to the city, and then when there is a lean search we let the financial institution know that there are unpaid bills. With the growth we are seeing this is going to be a very cumbersome process. In looking at different options I have found some companies that will return 100% percent owed and they charge a fee to the delinquent party. If the council agrees I will start working with a company to establish this system.

#### CITY PROPOSAL May 7, 2019 City of Adair Village Ordinance 2019 -#1

An ordinance grantin	g a franchise	agreement b	etween the Ci	ty of Adair Village	(City) a	ınc
Alyrica Networks, Inc	. (Grantee) a	nd dated this	day o	)f,	2019.	

- 1. **Grant of Franchise.** City grants to Grantee, its successors and assigns, a non-exclusive franchise to construct, operate and maintain telecommunications facilities in, under, and over the surface of the City's Public Rights-of-Way ("Franchise") subject to the terms of this Agreement.
- 2. **Term.** The initial term of this Franchise shall be for three years from the effective date of this ordinance, unless terminated sooner as provided in this Agreement. Thereafter, the Agreement shall automatically renew for up to five renewal terms of one year each, unless terminated by either party by giving written notice of its intention to terminate not less than sixty (60) days prior to the end of any renewal term. Every three (3) years, beginning after the adoption of this Franchise, Grantee shall present to the City Council a general overview of Grantee's current and future operations within the City. The intent behind this presentation is to keep the Council informed of Grantee's current and future services, development, and infrastructure. Council will contact Grantee to setup the presentation date and time; Grantee will not be obligated to make any presentation unless contacted by the City Council.
- 3. **Fee.** In consideration of the rights and privileges granted by this Franchise, the Grantee shall provide the following compensation to City:
  - 3.1 Grantee shall pay annually as a franchise fee to the City an amount equal to five percent (5%) of Grantee's annual Gross Revenues, as defined in Section 3.4 below or Three Thousand Dollars (\$3000) per year, whichever is greater. At the end of the initial term, the franchise fee shall be either five percent (5%) of Grantee's annual Gross Revenues or Three Thousand and Five Hundred Dollars (\$3500), whichever is greater. During the initial five years of this Franchise, Grantee may, in lieu of the Franchise fees provided in Section 3, above, provide (1) dedicated, non-shared 1000mbit/second internet connection at each of the below listed locations:
    - 3.1.1 City Hall, 6030 NE William R Carr Ave
  - 3.2 Notwithstanding any provision herein to the contrary, at any time during the term of this Franchise, City may elect by way of City Council ordinance or resolution to increase the franchise fee amount imposed on all telecommunications franchisees, as may then be allowed by State law and the Federal Telecommunications Act of 1996, Section 253. City shall provide Grantee written notice of such increase following the adoption of the applicable ordinance by City. The increase shall be effective sixty (60) days after City has provided Grantee with such notice.
  - 3.3 The parties acknowledge and agree that for any facilities not contemplated

- under this Agreement, Grantee shall be subject to additional agreements and may be charged added compensation, which shall be memorialized in writing.
- 3.4 Gross Revenues means any and all compensation in whatever form (grant, subsidy, exchange, or otherwise) received directly or indirectly by Grantee for any Communications Services (as defined below) provided to a customer located within the City, including but not limited to: revenues from customers; any fees related to Grantee's Communications Services; use, access, or attachment charges paid to the Grantee by other Communications Services or carriers, and revenue from the sale or lease of any Grantee Facilities, including wire, cable, facility, pole, duct, conduit or similar transmission equipment. All such revenues remain subject to applicable federal statutes and exceptions including those that may exclude revenues from internet access services. Customers who are served solely via wireless, which is provided using no other wireline connection from Grantee, will not be included in Gross Revenues, wherever located.
- 4. **Payment.** Franchise fees will be due and payable annually, thirty (30) days after the effective date of this Ordinance. Franchise fee payments not received by the City on or before the due date shall be assessed interest at the rate of one percent (1%) compounded monthly. Interest shall be due on the entire late payment from the date on which the payment was due until the date on which the City receives the payment.
  - 4.1 The last payment of each calendar year shall be accompanied by a written report to the City, verified by an officer of other authorized representative of Grantee, containing an accurate statement of Grantee's Gross Revenues and the computation basis and method. Such reports shall be in a form satisfactory to the city.
  - 4.2 The initial twelve months after this ordinance is adopted will be considered a "build period". No payment will be required during the build period.
  - 4.3 No acceptance of any payment by the City shall be construed as an accord that the amount paid is, in fact, the correct amount, nor shall the acceptance of any payment be construed as a release of any claim the City may have for further or additional sums payable.
  - 4.4 All amounts paid shall be subject to audit and confirmation by the City, provided that such audit is completed within three years of the date the audited payment is due. If no such audit is conducted within the three-year period, then any claim that the City might have had for additional compensation shall be waived.
    - 4.4.1 If Grantee underpaid by 5% or more of the amount due, Grantee shall pay interest on the unpaid amount compounded at the annual rate of three percent (3%) compounded monthly. Interest shall be due on the entire underpayment from the date on which payment was due until the

date on which full payment is received.

- 4.4.2 If the Grantee disputes the City's determination of underpayment, grantee may petition the Benton County Circuit Court for a determination of the amount, if any, owed by Grantee, in accordance with paragraph 11.3.
- 4.5 All Grantee's books, maps, and records directly concerning its calculation of franchise fee payments to the City shall be open for audit by the City, upon no less than seven (7) days' prior written notice, during normal business hours at a mutually agreeable location within 35 miles of the City.
- 4.6 Payment of the franchise fee shall not exempt Grantee from the payment of any license fee, permit fee, tax, or charge on the business, occupation, property or income of Grantee that may be lawfully imposed by the City or any other taxing authority.
- 5. Municipal Code, Charter and General Ordinances Apply. Unless the context requires otherwise or expressly otherwise defined herein, words and phrases used in this Franchise shall have the same meaning as defined in the City Municipal Code. All applicable provisions of the City Municipal Code are incorporated by reference and made a part of this Franchise, specifically including the City's fee schedule as adopted by the City Council. In the event of any inconsistencies between the terms of this Franchise and the Code, this Franchise shall control. The Charter of the City of Adair Village and ordinances, rules, and regulations of the City now in effect or adopted in the future, are incorporated by reference and made a part of this Franchise. Nothing in this Franchise shall be deemed to waive the requirements of the various codes, regulations, and ordinances of the City.
- 6. City Regulatory Authority. In addition to the provisions herein contained, City reserves the right to adopt such additional ordinances and regulations as may be deemed necessary in the exercise of its police power for the protection of the health, safety and welfare of its citizens and their properties, or exercise any other rights, powers, or duties required or authorized under the Constitution of the State of Oregon, the laws of Oregon or City ordinances. Specifically, the City reserves the right to:
  - 6.1 Construct, install, maintain, remove, relocate, replace, and operate any City facility, Rights-of-Way, or public place.
  - 6.2 Do any work that City may find desirable on, over, or under any Rights-of-Way or public place in accordance with all applicable federal, state or local regulations.
  - 6.3 Exercise any power that the City currently holds, or may hereafter be authorized or granted by the laws of the State of Oregon or the City Charter or ordinances.
  - 6.4 Abate any nuisance or dangerous condition.

6.5 In addition to the reservations herein and existing applicable ordinances, adopt such additional regulations for the construction, maintenance, and operation of Grantee's Facilities as the City finds necessary in the exercise of its police powers or for the orderly development of the City (including but not limited to: zoning, land use, historic preservation ordinances, standard specifications, design standards and drawings, other safety or construction standards, and other applicable requirements), or for the protection of City Facilities.

#### 7. Indemnity.

- 7.1 Grantee agrees and covenants to indemnify, defend and hold the City, its officers, agents and employees, harmless from any claim for injury, damage, loss, liability, cost or expense, including court and appeal costs and attorney fees or expenses, arising from any casualty or accident to person or property directly by reason of any negligent construction, excavation or any other act done under this Franchise, by or for Grantee, its agents or employees, or by reason of any neglect or omission of Grantee to keep its Facilities in a safe condition, but not to the extent that such casualty or accident is directly caused by negligence or willful misconduct of the City, its officers, agents or employees or any third party. The City shall provide Grantee with prompt notice of any such claim, which Grantee shall defend with counsel of its own choosing. No settlement or compromise of any such claim will be done by the Grantee without the prior written approval of the City. Grantee and its agents, contractors and others shall consult and cooperate with the City while conducting its defense of the City.
- 7.2 Grantee also shall indemnify the City for any damages, claims, additional costs or expenses assessed against or payable by the City arising out of or resulting, directly, from Grantee's failure to remove, adjust or relocate any of its Facilities in the City Rights-of-Way in a timely manner, when required to do so, unless Grantee's failure arises directly from the City's negligence or willful misconduct.

#### 8. Construction, Relocation, Removal.

- 8.1 Subject to the terms of this Franchise and the Code, Grantee may construct, operate and maintain its Facilities. All construction and maintenance of any and all of Grantee's Facilities within City Rights-of-Way shall, regardless of who performs such installation or construction, be and remain the responsibility of Grantee. Grantee shall apply for and obtain all permits necessary for installation or construction of any such facilities, and for excavation and laying of any facilities within City Rights-of-Way.
- 8.2 At least two weeks prior to beginning construction in any City Rights-of-Way, the parties shall provide each other with a construction schedule, including a digging or trenching schedule, so that the parties may coordinate all Right of

- Way work and so that they may use any open trenches to repair, move or relocate facilities.
- 8.3 Grantee may make excavations in the City Rights-of-Way, subject to obtaining permits from the City. Prior to doing such work, Grantee must give appropriate notices to any other franchisees, licensees or permittees of the City owning or maintaining facilities that may be affected by the proposed excavation. Grantee shall, at its own expense, restore any damage or disturbance caused to City property as a result of its operation, construction, or maintenance of its Facilities to the same or better condition of such property immediately prior to such damage or disturbance.
- 8.4 In the event that emergency repairs are necessary for Grantee's facilities in City Rights-of-Way, Grantee shall immediately notify the City of the need for such repairs. Grantee may immediately initiate such emergency repairs, and shall apply for appropriate permits the next business day following discovery of the emergency.
- 8.5 Grantee shall comply with the terms and conditions of ORS Chapter 757, governing the location of underground facilities (the "One-Call statutes").
- 8.6 All construction practices and installation of equipment shall be done in accordance with all applicable sections of the then current version of the National Electric Safety Code, in accordance with good engineering practices and performed by qualified maintenance and construction personnel.
- 8.7 The Grantee shall at all times employ ordinary care and shall use industry accepted methods and devices preventing failures and accidents. To the extent possible, the Grantee shall use utility poles, conduits and other facilities already existing in the City Rights-of-Way.
- 8.8 Whenever any existing utilities are located underground within a public right of way of the City, Grantee shall also locate its facilities underground. Any and all such installation and relocation under this paragraph shall be without expense to the City.
- Relocation of Facilities. City shall have the right to require Grantee to change the location of any facilities within the public Rights-of-Way when the public convenience requires such change; and the expense thereof shall be paid by Grantee. If relocation is for the benefit of a private organization the expense of the relocation will be paid by the person or entity requesting such relocation, and the Grantee may require a cash deposit equal to the estimated cost of the relocation. Should Grantee fail to remove or relocate any such Facilities by the date established by City, the City may effect such removal or relocation, and the expense thereof shall be paid by Grantee, including all costs and expenses incurred by the City due to Grantee's delay. City shall give Grantee reasonable advanced written notice to relocate its facilities prior to the date established by the City as the deadline for relocation. If at any time, in case of

fire or other disaster in the Franchise territory, it shall become necessary in the reasonable judgment of City to cut or move any facilities, such cutting or moving may be done and any repairs rendered necessary thereby shall be made by Grantee, at its sole expense. City shall indemnify, protect and hold Grantee, its officers, employees and agents harmless against and from all damages, claims, loss, liability, cost or expense resulting from damage to property, or injury or death, to any third person caused by Grantor's cutting or moving any of the wires, equipment or other facilities. City shall take reasonable efforts to notify Grantee prior to acting under this subsection.

- 8.10 Upon completion of construction of any new Facilities, Grantee shall promptly furnish City with two (2) sets of "as built" plans showing the exact location and construction details of all of Grantee's Facilities. New plans will be furnished promptly for any additions or modifications. All plans shall be full sized "as built" plans unless mutually agreed to otherwise.
- 8.11 Discontinuance. Whenever Grantee intends to discontinue using any Facilities, Grantee shall submit for City's approval a complete description of the Facilities and the date on which the Grantee intends to discontinue using the Facilities. Grantee may remove the Facilities or request that City permit it to remain in place. City may require the Grantee to remove the Facilities. Grantee shall complete such removal in accordance with a schedule set by City. Until such time as Grantee removes the Facilities as directed by City, or until the rights to and responsibility for the Facilities are accepted by another person having authority to construct and maintain such Facilities, Grantee shall be responsible for all necessary repairs and relocations of the Facilities, as well as street repairs, in the same manner and degree as if the Facilities were in active use, and Grantee shall retain all liability for such Facilities.

#### 9. Reservation of City Rights.

- 9.1 Nothing in this Franchise shall be construed to prevent the City from constructing sewers, water systems, electric systems, grading, paving, repairing or altering any street or constructing or establishing any other public work or improvement. Grantee's Facilities shall be constructed and maintained in such manner as not to interfere with City sewers, water systems, electric systems or any other Facilities of the City.
- 10. **Assignment.** Grantee's rights under this Franchise may not be assigned or transferred without the prior written consent of the City, which consent shall not be unreasonably withheld or delayed. No such consent shall be required for an assignment by Grantee to a corporate affiliate; provided, however, that the Grantee, not more than thirty (30) calendar days following such assignment, provides the City with written notice of the assignment and the assignee agrees in writing to be bound by the terms of this Agreement.
  - 10.1 Grantee and the proposed assignee or transferee shall provide and certify the following information to the City not less than sixty (60) days prior to the

proposed date of transfer or assignment:

- 10.1.1 Complete information setting forth the nature, terms and condition of the proposed transfer or assignment;
- 10.1.2 All information required of a telecommunications franchise applicant with respect to the proposed transferee or assignee; and
- 10.1.3 Any other information reasonably required by the City.
- 10.2 No transfer shall be approved unless the assignee or transferee has the legal, technical, financial and other requisite qualifications to comply with the terms of this Franchise.
- 10.3 Grantee shall reimburse the City for all direct and indirect fees, costs, and expenses reasonably incurred by the City in considering a request to transfer or assign the Franchise.
- 10.4 Any transfer or assignment of this Franchise without prior approval of the City under this section shall be void.

#### 11. Miscellaneous Provisions.

- 11.1 If any section, provision, or clause of this Franchise is held by a court of competent jurisdiction to be invalid or unenforceable, or is preempted by federal or state laws or regulations, the remainder of this Franchise shall not be affected, unless the City determines such section, provision, or clause was material to the City's agreement to grant the Franchise to the Grantee.
- 11.2 Grantee shall not be relieved of its obligations to comply with any of the provisions of this Franchise by reason of any failure of the City to enforce prompt compliance, nor does the City waive or limit any of its rights under this Franchise by reason of such failure or neglect.
